Building Economic Opportunity Through Financial Mobility

At Neighborhood Allies, we're committed to advancing economic opportunity for Pittsburgh's most vulnerable populations and under-resourced communities. Through strong partnerships with social service providers, funders, and financial institutions, we connect residents with tools, education, and resources that build lasting financial stability and generational wealth. Our initiatives close wealth gaps by delivering knowledge, skills, and hope to low- and moderate-income (LMI) households.

Allegheny County Financial Empowerment Center

Delivers free, personalized financial counseling from certified professionals to help residents tackle debt, build credit, save, and bank smarter

Fund My Future PGH

Encourages families to open and contribute monthly to savings accounts—building strong savings habits and planning for their children's futures.

Fund My Future Academy

Positions parents and quadians to plan for their children's futures after highschool and take action toward their post-secondary success.

Getting Good With Money

Brings expert and peer support to women to improve their relationship with money and invest in themselves for financial stability and wealth.

Bank On Allegheny County

Promotes Bank On-certified accounts with financial institutions and community members. We also convene the Bank On Allegheny County Coalition.

HomeBase

Provides flexible microgrants to help small businesses grow revenue, attract new funding, and sustain long-term success.
